

Office Memorandum • UNITED STATES GOVERNMENT

TO : Files

DATE: 4 October 1949

FROM : [REDACTED]

SUBJECT: [REDACTED]

(NOTE: the following was written while [REDACTED] was in Wash). 25X1

1. [REDACTED]

(a) Equipment available, buried in compound.

(b) Xtals and sig plan also available and cached.

(c) Operator [REDACTED] operator. 25X1

25 YEAR RE-REVIEW

1. [REDACTED]

(a) Equipment. Equipment from [REDACTED] originally intended, but cannot be used as impossible move past guards from inside compound. 25X1

(b) Could use [REDACTED] sig plan and crystals if possible move out of compound. 25X1

(c) [REDACTED] partially trained, is available for [REDACTED] 25X1

The second operator has not been found. In either case, the operator should come out [REDACTED] for training at FRU school. 25X1

1. [REDACTED]

(a) No equipment.

(b) No signal plan

(c) No crystals

(d) No operator unless [REDACTED] used. 25X1

2. Necessary send all in.

(a) [REDACTED] thinks operations idea sending in equipment by small boats feasible. Same supply method could be used for [REDACTED] also. Unloading port would be [REDACTED] Overland route from there to [REDACTED] quite safe, per [REDACTED] 25X1

PLANS

Probable that [REDACTED] will write Signal plans for both [REDACTED] Operator or operators who come to FRU school could be used as courriers.
